

Everbridge Nixle

Send messages to your community with Everbridge Nixle

Communicate with the public when it matters most

Everbridge Nixle provides US-based organizations with an open communication forum that connects public safety officials, municipalities, schools, and businesses to the communities they serve before, during, and after critical events. Everbridge Nixle enables real-time, two-way communication by allowing admins to send targeted messages and engage with their community through text, email, voice messages, social media, and the Everbridge Public Safety mobile app.

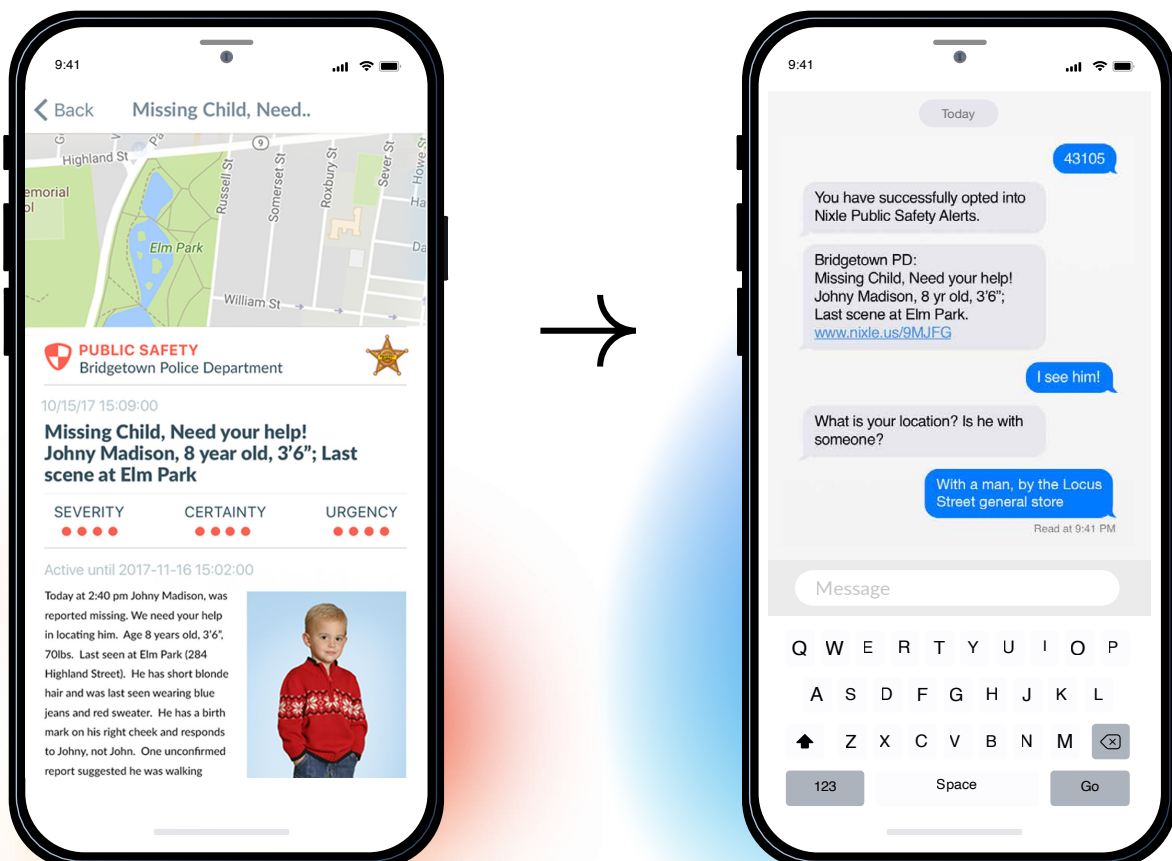

Encourage interaction and engagement when vital communications need to be shared to keep people safe and businesses running.

Why Everbridge Nixle?

- **Easy opt-in** - Simple resident opt-in by texting a zip code or keyword to 888-777.
- **Social Integration** - Social integration capability allows for greater resident reach.
- **Multiple channels** - Communications over multiple channels increasing the likelihood an alert is seen.
- **Community engagement** - Ongoing communication about events that directly affect residents.

Share important updates with your community during critical events including:

- Active shootings
- Missing persons
- Community events
- HAZMAT incidents
- Severe weather
- Traffic incidents
- Boil water advisories
- And much more
